Prince of the Heavenly Hosts

Filii Regni · Regnum Aeternum Studios

✝

Verse 1
Most glorious Prince of the Heavenly Hosts
Captain of the Lord's mighty armies
Stand by our side in every fight
When shadows rise in depth of night

Verse 2
Against the thrones of darkest powers
Against the forces that storm our towers
When raging enemies surround
Guard every heart and hold our ground

Verse 3
For we are made in His own image
Bought at the price of sacred Blood
Marked with the seal of our inheritance
Destined for heaven's great triumph

Chorus
Saint Michael raise your sword on high
Let the dragon fall and die
Behold the Cross the victor's sign
The Lion roars in hearts like mine

Prince of heaven, hear our cry
Guard the Church, preserve her faith
May the God of peace cast Satan down
And lead us to eternal life

Verse 4
You fought the ancient pride of old
Lucifer and his dark design
They were cast out from heaven's light
Their throne consumed in burning fire

Verse 5
Yet still the ancient serpent schemes
Spreading lies and shattered dreams
Disguised as angel clothed in light
He still deceives the souls of men

Verse 6
His venom pours like filthy rivers
Through minds depraved and hearts corrupt
The spirit of lying and blasphemy
But light returns where your sword is raised

Chorus
Saint Michael raise your sword on high
Let the dragon fall and die
Behold the Cross the victor's sign
The Lion roars in hearts like mine

Prince of heaven, hear our cry
Guard the Church, preserve her faith
May the God of peace cast Satan down
And lead us to eternal life

Verse 7
The Church the spotless Bride of the Lamb
Has drunk of wormwood grief and shame
Where once the Truth stood shining bright
The shadows strove to stake their claim

Verse 8
When the Shepherd has been struck
The flock appears to scatter in fear
Yet still you watch O Prince unconquered
Faithful guardian ever near

Bridge
Behold the Cross of Christ the Lord
Flee now you hostile powers of night
The Lion of the tribe of Judah
Has conquered darkness with holy light

Let Your mercy, God, O Father
Descend upon Your children
May our prayers rise up to You
Like a burning cry

Implore for us the God of peace
That He may break our chains at last
That Satan fall forever conquered
Into the abyss at last

Present our tears before the Most High
Our hopes and all of our trials
And lead the souls that have been ransomed
Into heaven's felicity

Chorus
Saint Michael raise your sword on high
Let the dragon now be bound
Behold the Cross the victor's sign
Christ the Savior reigns forever

Prince of heaven raise your sword on high
Let the dragon now be bound
Behold the Cross the victor's sign
Christ the Savior reigns forever

In the Name of Jesus, King of kings
