
Saint Joseph - Terror of Demons

Filii Regni · Regnum Aeternum Studios

Intro
Guardian... Defender
Invincible shield

Verse 1
In the silence of a righteous man
There stood a hidden strength
Without splendor, without worldly praise
Yet he was chosen by Heaven

Verse 2
Into your hands was entrusted Life
The Child promised to the nations
And hell looked on in fear
At the guard of the Incarnation

Verse 3
Your obedience became your sword
Your humility, your authority
Where pride had fallen into ruin
Your faithfulness cast it down

Chorus
Saint Joseph, Terror of demons
Guardian of the King, stronghold of heaven
Watchful father, lion unshaken
Drive the shadows far from us

Saint Joseph, Faithful protector
Holy defender of the suffering Church
Stand your ground for all our families
Be our strength and fight for us

Verse 4
When the serpent still goes prowling
In homes that were left vulnerable
You stand firm and rise like a rock
Where fathers have deserted

Verse 5
The Son of God walked in your footsteps
Subject to your authority
A mystery immense and resentful
That hell itself cannot endure

Verse 6
You bore no thunder, raised no cry
Yet the abyss trembles before you
Your hidden life, your heart surrendered
Crush the pride of the rebellious

Chorus
Saint Joseph, Terror of demons
Breaker of chains and of all lies
Righteous shield and holy defender
Drive back the devouring night

Saint Joseph, Strong sentinel
Guardian of souls in battle
Stand for the Church in her trials
Guard us to our dying breath

Bridge
You carried no sword in your hand
Yet thrones were made to tremble
For God entrusted to you in shadow
The Mystery that hell still fears

In the workshop of Nazareth
The ancient revolt was broken
Not by the fury of weapons
But by the force of obedience

Chorus
Hold the line, Keep the faith
Guard the home, Defend the law
Stand through trial and stand through fear
Till the faithless king shall fall

Saint Joseph, Terror of demons
Prince of obedience and of peace
Guardian of the Word made flesh
Terror of darkness evermore

Saint Joseph, Invincible strength
Protector in the final night
Lead our steps within the battle
And keep us for eternity

Outro
